# Let's All Read!

## the Summer Sustainability Reading List

Interested in learning more about environmental sustainability and how we all can live more sustainably? Please join us in some summer reading to explore these timely issues.

We are planning to read three books this summer on underlying issues of sustainability and a hopeful vision for the future. We plan to gather three times to share and reflect.

***Deep Economy: The Wealth of Communities and the Durable Future***  
by Bill McKibben

Discussion: Sunday, July 25, 6:00 to 7:30pm, Leffler Living Room

***Plenitude: The New Economics of True Wealth*** by Juliet B. Schor

Discussion: Sunday, August 15, 6:00 to 7:30pm, Leffler Living Room

***The Bridge at the Edge of the World: Capitalism, the Environment, and Crossing from Crisis to Sustainability*** by James Gustave Speth

Discussion: Sunday, September 5, 6:00 to 7:30pm, Leffler Living Room

The books will be available at the Cathedral Shop. We are putting together orders for a discounted price. Please talk to George at the Shop, 206-323-1040.
